

Relationships and Sexual Health Education (RSHE)

Autumn 2023 Newsletter

Hello from Leicester Sexual Health

Hope this Autumn RSHE newsletter finds you well. Here is a quick round up of what is happening and where you can find some useful resources.

Leaflet resources for supporting your RSHE curriculum can be purchased from <u>www.fpa.org</u> (not expensive) .They also have some specific leaflets for SEN students.

 Additionally they also sell the contraceptives display learning box – approx. £50.00. This is not clinical but because there are visual examples it makes the lesson more interesting and memorable. Young women still visit our services with very little understanding/knowledge of menstruation/fertility and contraceptives.

Training Opportunities

If you would like to improve your own knowledge of general sexual health and what the local services can offer then you can take the 1 hour free e-learning (certification on completion) this will increase your confidence when talking about these topics.

Level 1- Sexual Health e-learning module - Aimed at practitioners working with young people to enhance their understanding of sexual health and to benefit their delivery to young people.

The learning covers Sexual Health Services and how to access them. Contraception - Sexually Transmitted Infections – Consent & the Law – The C Card condom Scheme- Young People and Sexual Health and information about other relevant services and resources.

Access to the training -

C-Card free condom scheme

All secondary schools/alternative education/colleges in Leicester, Leicestershire and Rutland are eligible for the free and confidential NHS condom scheme, C-Card.

If you are not running the scheme and are interested in joining, please email Alison at <u>Alison.spooner@mpft.nhs.uk</u> to discuss further.

NHS - School Nurse Chat Health Text Service

Young People aged 11-19 text 07520 615386. Available 9am-5pm every week day. Responded to by a school nurse within 24 hours. Totally confidential service unless there is an identified risk of safety to the person texting or others.

World AIDS Day – 1st December

December 1st is also known as World AIDS Day.

This could be a great opportunity to discuss world health inequalities, the differences between HIV and AIDS, myths and stigma, safe sex, as well as reminding students that in the UK, HIV is now a well-treated and managed illness that is no longer life threatening.

If managed well the virus becomes undetectable and un-transmittable. For more information on HIV and AIDS, visit <u>Brook Charity</u>.

How can users access our service?

Our Leicester, Leicestershire and Rutland sexual health services are offering a mixture of face-toface, telephone, video and online services. *These services are still appointment-only, with no queue and wait clinics available.*

Service users are able to book an appointment in any of the following ways:

Book online on our website

Call us on 0300 124 0102
